Want Waterfront?

Things to Do around the Delta & at Snug Harbor on Steamboat Slough

Snug Harbor is a family-friendly resort featuring all the fun and activities popular in the California Delta. The Delta climate is cooler than the Central Valley in summer, but warmer than the SF Bay area in winter. The Delta is great year round for fishing and nature observation like watching the huge variety of Birds in the Delta.

BOATING The Delta is an ideal Northern California destination for boating, from the largest luxury cruiser to the smallest fishing skiff. You'll see ski boats, canoes, sailboats, houseboats and cruisers all gunkholing together in calm coves or guest docking at the many marinas.

There's over 1000 miles of waterways to explore by boat or land cruising on your bike, motorcycle, car or RV. More information at <http://www.DeltaTrails.com>

WATER SPORTS Wakeboard, water ski, kneeboard, tubing, swimming, windsurfing, personal water crafting, or just floating with the tide are fun Delta activities. Don't have a boat of your own? You don't need them at Snug Harbor, since you can swim from shore and we have several designated fishing docks. You can also arrange for a boat rental or take a canoe tour from Fish and Game Or hire a local Fishing Guide to take you around the Delta for sightseeing.

FISHING No one can spend time in the Delta without hearing fish chatter and stories. Striper, black bass, sturgeon, catfish and salmon are available, depending on the season, the bait, and the skill of the angler. *The Snug Harbor "brag" wall and ceiling display example of all Delta fish types caught in North Delta.*

SHOPPING & Wine Tasting There's all sorts of shops, groceries, hardware & repairs, art galleries, drug stores and antiques in the nearby Delta towns of Rio Vista, Walnut Grove, Isleton, Clarksburg and Courtland. Use the map provided, or go to <http://snugharbor.net> or <http://deltacalifornia.com> for addresses of locations for Wine Tasting, fresh produce, groceries, art galleries and more.
